# INSURANCE PRODUCTS AND RELATED PRACTICES

# **Territory and Plan of Operations**

The Company is licensed by the DIFP as an Extended Missouri Mutual Insurance Company operating under Sections 380.201 through 380.591 RSMo (Extended Missouri Mutual Insurance Companies). The Company is authorized to write fire, windstorm and liability coverage in all Missouri counties. The Company writes fire and windstorm coverages on a direct basis and markets liability coverage through an agreement with its reinsurer.

Insurance products are sold by three captive agents and one independent agent, and commission rates range from 10.5% to 15%, depending on the individual contract. The majority of the Company's business is concentrated in Audrain and Texas counties and the surrounding areas. Insurance is provided on a non-assessable basis. The Company advertises through local newspaper and radio advertisements, community involvement and with other promotional items such as pens, caps and calendars.

## **Policy Forms and Underwriting Practices**

The Company uses Grinnell Mutual Reinsurance Company policy forms, and policies are written on a continuous renewable basis. Property inspections are performed by the writing agent prior to the issuance of a policy and underwriting is performed by the Company's Manager. Renewals are inspected approximately every third year. The Company primarily contracts with its reinsurer for claims adjustment services, and utilizes other independent adjusters as needed. Some smaller claims are adjusted in-house.

#### Assumed

# Ceded

The Company has a property aggregate excess of loss reinsurance agreement with Grinnell Mutual Reinsurance Company. Under the agreement, the Company's annual aggregate net retention, or attachment point, is based upon the Company's fire-year loss ratio, plus a negotiated load. The reinsurer is liable for 100% of the losses in excess of this retention. The attachment point for the 2015 contract year was \$2,341,031.

The Company is contingently liable for all reinsurance losses ceded to others. This contingent liability would become an actual liability in the event that any assuming reinsurer should fail to perform its obligations under its reinsurance agreement with the Company.

# ACCOUNTS AND RECORDS

The accounting records are maintained by the Company on an accrual basis. Accounting records for premiums, claims and financial reporting consist of paper files and are either processed manually or are transferred to a personal computer and processed electronically using a software package developed by Rural Computer Consultants. The Company prepares the Annual Statement. The CPA firm of Cochran, Head, Vick & CO., P.C. performs an annual compilation of the Company's financial statements and prepares the Company's tax returns.

#### FINANCIAL STATEMENTS

The following financial statements, with supporting exhibits, present the financial condition of the Company for the period ending December 31, 2015 and the results of operations for the year then ended. Any examination adjustments to the amounts reported in the Annual Statement and/or comments regarding such are made in the "Notes to the Financial Statements," which follow the Financial Statements. (The failure of any column of numbers to add to its respective total is due to rounding or truncation).

There may have been differences found in the course of this examination, which are not shown in the "Notes to the Financial Statements." These differences were determined to be immaterial, concerning their effect on the financial statements. Therefore, they were communicated to the Company and noted in the workpapers for each individual annual statement item.
