2. Chesapeake and Mid-West National agree to ensure that if they begin issuing health benefit plan coverage in Missouri in the future, they will comply with mandated benefits or offers that are in effect at that time, and will specifically provide the mandated offer of coverage for the diagnosis and treatment of autism spectrum disorders to all individual certificate holders of individually underwritten health benefit plans as required by §376.1224.13.
3. Chesapeake and Mid-West National have reviewed all claim files, including MEGA's claim files, since January 1, 2011 to determine if any claims were made for coverage for autism spectrum disorders. 4. Chesapeake and Mid-West National agree to notify in writing all certificate holders insured under their association group health benefit plans (including MEGA) that were delivered, issued for delivery, continued or renewed on or after January 1, 2011, written inside the State of Missouri or written outside the State

5. Chesapeake and Mid-West National agree to conduct a full and complete audit of their compliance with Missouri’s mandated benefit laws and regulations that apply to the association group health benefit plans that were issued in the individual market in Missouri by Chesapeake and Mid-West National (including MEGA). This audit will cover claims incurred on and after January 1, 2011 through the date that the respective health benefit plans terminated. RELEVANT STATUTORY AND REGULATORY PROVISIONS

8. Section 376.1218 provides in pertinent part:

1. Any health carrier or health benefit plan that offers or issues health benefit plans, other than Medicaid health benefit plans, which are delivered, issued for delivery, continued, or renewed in this state on or after January 1, 2006, shall provide coverage for early intervention services described in this section that are delivered by early intervention specialists who are health professionals licensed by the State of Missouri and acting within the scope of their professions for children from birth to age three identified by the Part C early intervention system as eligible for services under Part C of the Individuals with Disabilities Education Act, 20 U.S.C. Section 1431, et seq. Such coverage shall be limited to three thousand dollars for each covered child per policy per calendar year, with a maximum of nine thousand dollars per child.

2. As used in this section, "health carrier" and "health benefit plan" shall have the same meaning as such terms are defined in section 376.1350.

* * *

7. (1) Subject to the provisions of this section, payments made during a calendar year by a health carrier or group of carriers affiliated by or under common ownership or control to the Part C early intervention system for services provided to children covered by the Part C early intervention system shall not exceed one-half of one percent of the direct written premium for health benefit plans as reported to the department of insurance, financial institutions and professional registration on the health carrier's most recently filed annual financial statement.

(2) In lieu of reimbursing claims under this section, a carrier or group of carriers affiliated by or under common ownership or control may, on behalf of all of the carrier's or carriers' health benefit plan or plans providing coverage under this section, directly pay the Part C early intervention system by January thirty-first of the calendar year an amount equal to one-half of one percent of the direct written premium for health benefit plans as reported to the department of insurance, financial institutions and professional registration on the health carrier's most recently filed annual statement, or five hundred thousand dollars, whichever is less, and such payment shall constitute full and complete satisfaction of the health benefit plan's obligation for the calendar year. Nothing in this subsection shall require a health carrier or health benefit plan providing coverage under this section to amend or modify any provision of an existing policy or plan relating to the

payment or reimbursement of claims by the health carrier or health benefit plan.

8. This section shall not apply to a supplemental insurance policy, including a life care contract, specified disease policy, hospital policy providing a fixed daily benefit only, Medicare supplement policy, hospitalization-surgical care policy, policy that is individually underwritten or provides such coverage for specific individuals and members of their families, long-term care policy, or short term major medical policies of six months or less duration.

(C) “Early intervention services” means medically necessary speech and language therapy, occupational therapy, physical therapy, and assistive technology devices for children from birth to age three (3) who are identified by the Part C early intervention system as eligible for services under Part C of the Individuals with Disabilities Education Act, 20 U.S.C. Section 1431, et seq.

(D) “First Steps” refers to the Missouri early intervention system under the federal Infant and Toddler Program, Part C of the Individuals with Disabilities Act, 20 U.S.C. Section 1431, et seq.

(F) “Health benefit plan,” “health care professional,” and “health carrier” shall each have their respective meanings as such terms are defined in 376.1350, RSMo.

10. 20 CSR 400-2.170 (2) provides that “Health benefit plans shall provide this coverage on the first date on or after January 1, 2006, on which the contract or certificate is delivered, issued for delivery, continued or renewed in this state.”

11. 20 CSR 400-2.170 (4) (A) provides three methods for health carriers to pay claims for First Step services. Those methods are as follows:

1. A health carrier shall pay individual claims submitted for each service to First Steps as the rendering provider, and such coverage shall be limited to three thousand dollars (\$3,000) for each covered child per policy per calendar year, with a lifetime policy maximum of nine thousand dollars (\$9,000) per child. Such

payments shall not exceed one-half of one percent (0.5%) of the direct written premium for health benefit plans; or

2. A health carrier and all of its affiliates together shall submit a lump sum payment to First Steps for one-half of one percent (0.5%) of the direct written premium reported to the Department of Insurance on each health carrier's most recently filed annual financial statement, per calendar year, which shall satisfy each affiliated health carrier's payment obligation for First Steps services for such calendar year; or

3. A health carrier and all of its affiliates together shall make a lump sum payment of five hundred thousand dollars (\$500,000), per calendar year, to First Steps, which shall satisfy the health carrier and its affiliates' payment obligation for First Steps services for such calendar year.

4. As between paragraphs 2. and 3. of this subsection, the health carrier shall pay whichever amount is less.

12. Section 376.1350 provides in pertinent part:

For purposes of sections 376.1350 to 376.1390, the following terms mean:

* * *

(18) "Health benefit plan", a policy, contract, certificate or agreement entered into, offered or issued by a health carrier to provide, deliver, arrange for, pay for, or reimburse any of the costs of health care services; except that, health benefit plan shall not include any coverage pursuant to liability insurance policy, workers' compensation insurance policy, or medical payments insurance issued as a supplement to a liability policy;

* * *

(22) "Health carrier", an entity subject to the insurance laws and regulations of this state that contracts or offers to contract to provide, deliver, arrange for, pay for or reimburse any of the costs of health care services, including a sickness and accident insurance company, a health maintenance organization, a non-profit hospital and health service corporation, or any other entity providing a plan of health insurance, health benefits or health services; except that such plan shall not include any coverage pursuant to a liability insurance policy, workers' compensation insurance policy, or medical payments insurance issued as a supplement to a liability policy.

13. Section 376.1224 provides in pertinent part:

2. All group health benefit plans that are delivered, issued for delivery, continued, or renewed on or after January 1, 2011, if written inside the state of Missouri, or written outside the state of Missouri but insuring Missouri residents, shall provide coverage for the diagnosis and treatment of autism spectrum disorders to the extent that such diagnosis and treatment is not already covered by the health benefit plan.

* * *

13. The provisions of this section shall not automatically apply to an individually underwritten health benefit plan, but shall be offered as an option to any such plan.

* * *

17. The director of the department of insurance, financial institutions and professional registration shall grant a small employer with a group health plan, as that term is defined in section 379.930, a waiver from the provisions of this section if the small employer demonstrates to the director by actual claims experience over any consecutive twelve-month period that compliance with this section has increased the cost of the health insurance policy by an amount of two and a half percent or greater over the period of a calendar year in premium costs to the small employer.

14. Section 375.445 provides in pertinent part:

1. It is unlawful for any insurance company transacting business under the laws of this state to:

(1) Conduct its business fraudulently;

(2) Fail to carry out its contracts in good faith; or

(3) Habitually and as a matter of business practice compelling claimants under policies or liability judgment creditors of the insured to either accept less than the amount due under the terms of the policy or resort to litigation against the company to secure payment of the amount due.

31. First Steps refers to the Missouri early intervention system under the federal Infant and Toddler Program, Part C of the Individuals with Disabilities Act, 20 U.S.C. Section 1431, et. Seq.

32. Pursuant to §376.1218 and 20 CSR 400-2.170, a health carrier or health benefit plan may pay for claims for First Steps services in one of three ways. The health carrier or health benefit plan may pay individual claims submitted for each service to First Steps, may submit a lump sum payment to of one-half of one percent of direct written premium reported to the Department on the health carrier's most recently filed annual financial statement for each calendar year, or may make a lump sum payment of \$500,000 per calendar year.

33. Upon information and belief, Chesapeake, Mega, and Midwest National made payments under the First Steps program for calendar year 2008.

34. On September 28, 2009, Chesapeake, Mega, and Midwest National completed the Annual Declaration Form for First Steps Payment for calendar year 2009. The Companies

38. Reason: Our plans are individually underwritten; therefore, Senate Bill 500 is not applicable to us."

39. On November 16, 2011, Chesapeake, Mega, and Midwest National completed the Annual Declaration Form for the First Steps Payment for calendar year 2012 by checking the box: "SB 500 is not applicable to the carrier. Reason: Our plans are individually underwritten therefore SB 500 does not apply to our Company."

40. On September 26, 2012, Chesapeake, Mega, and Midwest National completed the Annual Declaration Form for the First Steps Payment for calendar year 2013 by checking the box: "SB 500 is not applicable to the carrier. 41. On August 21, 2013, Chesapeake, Mega, and Midwest National completed the Annual Declaration Form for the First Steps Payment for calendar year 2014 by checking the box: “Sections 160.900-160.925, and Section 376.1218, RSMo, is not applicable to the carrier.

Reason: Our plans are individually underwritten.”

43. In the disposition of SERFF filings for various health insurance products made by Chesapeake, Mega, and Midwest National in 2009 and 2010, the Department noted:

Please be aware, however, that coverage provided to Missouri citizens must still comply with certain provisions of Missouri law regardless of the state in which the policy is issued. (sometimes referred to as “extraterritorial applicability”) Because this filing has not been reviewed by the DIFP for conformance with Missouri law, the burden falls upon the issuing company to assure compliance. To assist in that effort, we have listed below many of the Missouri insurance laws that indicate extraterritorial applicability by their wording.

44. The list referenced in paragraph 38 included Section 376.1218, the Missouri First Steps Program.

45. A substantially similar notation was made in other SERFF filing dispositions for health insurance product filed by Chesapeake, Mega and Midwest National in 2009 and 2010. The notation referred the Companies to the Department’s website which listed extraterritorial mandates including Section 376.1218, the Missouri First Steps Program.

50. Offers of coverage for autism and behavioral analysis therapy were not made to individual certificate holders even though the Comprehensive Association Group coverage was individually underwritten.

51. On January 3, 2011, the Department issued Insurance Bulletin 11-01 to health insurance companies, health service corporations, health maintenance organizations, third party administrators, medical providers, and the public.

52. The bulletin notified these entities that: “In the 2010 legislative session, the Missouri legislature enacted House Bills 1311 and 1341, which mandate insurance coverage for various treatments for autism and autism spectrum disorders, in addition to establishing a licensure process for certain providers of autism services.”

53. The bulletin also noted that the insurance coverage provisions of the legislation were effective for policies written, issued, or renewed on or after January 1, 2011.

54. In an e-mail to a Department employee dated March 31, 2011, Nanette Nadeau, on behalf of Mega and Midwest National, indicated that the Companies were aware of the Missouri autism mandate, but believed that “the requirements of 376.1224 do not automatically apply to MEGA’s/Mid-West’s business in Missouri.”

55. A follow-up e-mail from Nanette Nadeau to a Department employee dated April 26, 2011 also indicated that the Companies were aware of the Missouri autism mandate because the letter stated that an offer of coverage for autism was presented to group policyholders.
