SUBJECT: Second Injury Assessment Rate

DATE: July 16, 1986

RESCINDED AND INOPERATIVE

The 1986 Missouri Legislature passed Senate Bill 545 which increased the second injury assessment rate from .5% to 1%. The bill contained an emergency clause to make it effective upon being signed by the Governor. The bill was signed on April 30.

Two assessment rates will be used for 1986. For the period January through April, the second injury assessment rate used will be .5%. For the period of May through December the 1% rate will be used.

Please segregate your workers' compensation losses for these two periods so the information will be readily available for completion of your year end tax returns.

Thank you for your assistance in this matter.
