ORDER OF THE DIRECTOR

NOW, on this 5TH day of DECEMBER, 2012, Director John M. Huff, after consideration and review of the market conduct examination report of Victoria Automobile Insurance Company (NAIC #10644), (hereafter referred to as "the Company") report numbered 0810-15 -TGT, prepared and submitted by the Division of Insurance Market Regulation pursuant to §374.205.3(3)(a), RSMo, and the Stipulation of Settlement ("Stipulation"), does hereby adopt such report as filed. After consideration and review of the Stipulation, report, relevant workpapers, and any written submissions or rebuttals, the findings and conclusions of such report is deemed to be the Director's findings and conclusions accompanying this order pursuant to §374.205.3(4), RSMo.

This order, issued pursuant to §§374.205.3(4) and 374.280, RSMo and §374.046.15. RSMo (Cum. Supp. 2011), is in the public interest.

IT IS THEREFORE ORDERED that, the Company and the Division of Insurance Market Regulation having agreed to the Stipulation, the Director does hereby approve and agree to the Stipulation.

IT IS FURTHER ORDERED that the Company shall not engage in any of the violations of law and regulations set forth in the Stipulation and shall implement procedures to place the Company in full compliance with the requirements in the Stipulation and the statutes and regulations of the State of

Missouri and to maintain those corrective actions at all times

IT IS FURTHER ORDERED that the Company shall pay, and the Department of Insurance, Financial Institutions and Professional Registration, State of Missouri, shall accept, the Voluntary Forfeiture of \$60,908.00, payable to the Missouri State School Fund.

IT IS SO ORDERED.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed the seal of my office in Jefferson City, Missouri, this 5th day of DECEMBER, 2012.

STIPULATION OF SETTLEMENT
AND VOLUNTARY FORFEITURE

It is hereby stipulated and agreed by the Division of Insurance Market Regulation (hereinafter "the Division") and Victoria Automobile Insurance Company (NAIC #10644) (hereinafter referred to as "Victoria"), as follows:

WHEREAS, the Division is a unit of the Missouri Department of Insurance, Financial Institutions and Professional Registration (hereinafter, "the Department"), an agency of the State of Missouri, created and established for administering and enforcing all laws in relation to insurance companies doing business in the State in Missouri; and

WHEREAS, Victoria has been granted a certificate of authority to transact the business of insurance in the State of Missouri; and

WHEREAS, the Division conducted a Market Conduct Examination of Victoria and prepared report number 0810-15-TGT; and

WHEREAS, the report of the Market Conduct Examination revealed that:

1. Victoria failed to comply with the examiners' request for documentation pertaining to its advertising material, agent training procedure manuals, sales presentations, and other materials used to sell a particular endorsement, in violation of §374.205¹ and 20 CSR 100-8.040.

2. In 24 instances, Victoria's personal auto policies indicated that the policyholders were receiving a discount for airbags, although the declaration page provided to the policyholders failed to show that discount, thereby misrepresenting the benefits, advantages,

fair and reasonable settlement of claim by improperly denying a bodily injury claim, in violation of §§375.1007(1) and (4) and 408.020, and the Company's Automobile Insurance Policy MO76GEP0010606-Auto Liability-Coverage Exclusions # 15 a, b, c, d (page 15-16).

13. In five instances, Victoria failed to attempt in good faith to effectuate prompt, fair and equitable settlement of its private passenger auto property damage claims, in violation of §§144.027 and 375.1007(4), 20 CSR 300-2.200(B)(3) (as replaced by 20 CSR 100-8.040, effective 7/30/08), and 20 CSR 100-8.040(3)(B).

14. In 13 instances, Victoria did not utilize an OEM part in the repair of the claimants' vehicles as is required by the policies' endorsement, thereby misrepresenting to the claimants the relevant fact or policy provision relating to the available OEM endorsement, in violation of §§375.1007(1) and (4), and 408.020, and 20 CSR 100-1.020 (1)(A) and (B).

WHEREAS, the Division and Victoria have agreed to resolve the issues raised in the Market Conduct Examination Report as follows:

A. **Scope of Agreement.** This Stipulation of Settlement and Voluntary Forfeiture embodies the entire agreement and understanding of the signatories with respect to the subject matter contained herein. The signatories hereby declare and represent that no promise, inducement or agreement not herein expressed has been made, and acknowledge that the terms and conditions of this agreement are contractual and not a mere recital.

B. **Remedial Action.** Victoria agrees to take remedial action bringing it into compliance with the statutes and regulations of Missouri and agrees to maintain those remedial actions at all times, to reasonably assure that the errors noted in the above-referenced market conduct examination report do not recur. Such remedial actions shall include, but not be limited to, the following:

1. Victoria agrees to develop a survey to be sent to the following claimants who were eligible for receiving the sales tax affidavit, as required by §144.027.1, RSMo, to ascertain whether or not they actually received the sales tax affidavit within 180 days of the date of payment by Victoria on the claim:

- a. Private passenger total loss auto comprehensive claims;
- b. Private passenger total loss auto collision claims;

Market Conduct examination," it was found that the policyholder is entitled to a refund of premium that represents the discount they should have received had the airbag discount been applied to their Personal Auto policy.

C. **Compliance.** Victoria agrees to file documentation with the Division within 90 days of the entry of a final order of all remedial action taken to implement compliance with the terms of this stipulation and to document payment of any restitution required by this Stipulation.

D. **Voluntary Forfeiture.** Victoria agrees, voluntarily and knowingly, to surrender and forfeit the sum of \$60,908, such sum payable to the Missouri State School Fund, in accordance with §374.280.

E. **Other Penalties.** The Division agrees that it will not seek penalties against Victoria, other than those agreed to in this Stipulation, for the conduct found in Market Conduct Examination 0810-15-TGT.

F. **Waivers.** Victoria, after being advised by legal counsel, does hereby voluntarily and knowingly waive any and all rights for procedural requirements, including notice and an opportunity for a hearing, and review or appeal by any trial or appellate court, which may have otherwise applied to the above referenced Market Conduct Examination.

G. **Changes.** No changes to this stipulation shall be effective unless made in writing and agreed to by all signatories to the stipulation.

H. **Governing Law.** This Stipulation of Settlement and Voluntary Forfeiture shall be governed and construed in accordance with the laws of the State of Missouri.

I. **Authority.** The signatories below represent, acknowledge and warrant that they are authorized to sign this Stipulation of Settlement and Voluntary Forfeiture.

J. **Effect of Stipulation.** This Stipulation of Settlement and Voluntary Forfeiture shall become effective only upon entry of a Final Order by the Director of the Department of Insurance, Financial Institutions and Professional Registration (hereinafter the "Director") approving this Stipulation.

RE: Missouri Market Conduct Examination
Victoria Automobile Insurance Co. Responses

Ms. Kerr:

Thank you once again for providing us with the opportunity to review the Missouri Department of Financial Institutions and Professional Registration Division of Insurance Market Regulation (hereinafter referred to as "Department") draft market conduct examination report. Please find enclosed for your review and consideration, the responses from Victoria Automobile Insurance Company (hereinafter referred to as "Company").

For ease of review, the response has been formatted to include text from Missouri's report followed by notation of where the Company's response is included.

Once you have the opportunity to review, we look forward to scheduling a teleconference meeting to further discuss the Company's response to this report and next steps.

If you have any questions or concerns, please feel free to contact me by email at davisc60@nationwide.com or via telephone at (614) 249-4580. We look forward to discussing with you further as we work toward closure of this examination.

Sincerely,

A handwritten signature in cursive script that reads "Cheryl L. Davis".

Nationwide Response to Missouri Draft Market Conduct Report March 25, 2011

1. The Company failed to comply with the examiners' request for documentation pertaining specifically to how the Company's Original Equipment Manufacturer Parts Loss Settlement Endorsement (MO76GEE640606) was being sold by their agents to Missouri consumers. The examiners requested the Company's advertising material, the Company's agent training procedure materials, sales presentations and any other material the Company used to sell this endorsement to a potential insured. The Company only complied by sending their underwriting guides which the examiners already had. (Page 8)

Company Response:

- The Company respectfully disagrees with the Department's finding. The Company provided all documents responsive to the Department's request. The Company does not have advertising material, agent training procedure materials, sales presentations or any other material used to sell the OEM endorsement.

2. The Company's policies in 24 cases indicated that the policy-owner was receiving a discount for a driver side air bag or a discount for both driver/passenger side air bags. However, according to the Company's underwriting manual, the policy-owner must purchase the Medical Payment Coverage in order for the discount to apply. The policies did not have Medical Payment Coverage; therefore, the Company was misrepresenting the benefits, advantages, conditions, and terms of the policy for the rating period November 7, 2006 to September 16, 2007 (20% or 30% discount), rating period September 17, 2007 to September 7, 2008 (10% or 20% discount). (Page 9)

Company Response:

- The Company agrees with the Department's finding that the identified cases received a discount for a drivers side or for both driver/passenger side air bags without having purchased Medical Payments Coverage. The Company removed the air bag discounts from its rate order of calculations and from the declaration pages issued to customers with our rate revision implementation effective February 25, 2008. However, the Company respectfully disagrees that this constitutes a misrepresentation of the benefits, advantages, conditions and terms of the policy insofar as the provision of the discount was a system programming irregularity and was not at any time utilized in the advertising, sales, or marketing of the personal automobile insurance product. Upon identification of the irregularity, it was promptly rectified. The Company asserts that there was no harm to the consumer as a result of the irregularity.

3. The cancellation declaration that was provided to the insured gave the reason of "Unacceptable Drivers" for the cancellation of the policy. For the policies listed below, the cancellation declarations failed to provide the consumer a sufficiently clear and specific reason for the cancellations. (Pages 9-10)

The cancellation declaration that was provided to the insured gave the reason of "Not all drivers listed" for the cancellation of the policies. The cancellation declaration failed to provide the consumers a sufficiently clear and specific reason for the cancellation. (Page 10)

The cancellation declarations that were provided to the insured gave the reason of "Details on Spouse not Received" for the cancellation of the policies. The cancellation declarations failed to provide the consumers a sufficiently clear and specific reason for the cancellations. (Page 11)

The cancellation declaration also gave the reason "Substantial change in risk assumed" for the cancellation of the policy. The cancellation declaration failed to provide the consumer a sufficiently clear and specific reason for the cancellation. (Page 11)

Company Response:

- The Company acknowledges the use of reasons for cancellation as cited. However, the Company maintains that termination reasons must be short, plain and factually direct in order to be understandable to the customer. Such an approach avoids confusing the cancellation reason with excessive detail, simplifying the statement in an effort to maximize consumer understanding.

While an appropriate level of detail is difficult to define, the Company believes the cancellation reasons presented are sufficiently clear and specific for broad customer understanding. We respectfully request that the error count be adjusted and that further discussion take place with the Company subsequent to the Division's receipt and review of the Company's response.

As stated in our response to the criticisms pertaining to the Company's cancellation declarations, we recognize and appreciate the partnership with the Division. We have begun a project to refine the level of detail provided. This project is planned for testing and deployment in calendar year 2011.

4. For Personal Auto Terminations, the cancellation declaration that was provided to the insured gave the reason of "Per Previous Cancel Notice" for the cancellation of the policy. The cancellation declarations failed to provide the consumers a sufficiently clear and specific reason for the cancellations. (Page 11)

Company Response:

- The Company would like to provide additional background on the use of this reason in order that the Department might better understand the extenuating circumstances involved.

Please note that there are two situations that are normally involved when the Company utilizes the "Per previous cancel notice" reason. These situations pertain to: 1) a cancellation for non-payment of premium with a reactivation/cancel due to a returned payment (returned as NSF or no account/account closed), or 2) a reactivation/cancel to facilitate a correction to premium and/or coverage that must be made to the policy based upon additional information received after cancellation has occurred for the time during which the policy was active.

In both instances, the reactivation/cancel activity results in the generation of a second cancellation notice. The Company's system does not permit us to suppress these notices to the customers. In the interest of avoiding confusion to our customer, the "Per previous cancel notice" code is utilized to direct the customer back to the cancellation reason as stated on the original cancellation. Please note that these actions are taken either at the customer's request or to benefit the customer. In no case is the customer disadvantaged by these actions.

5. When an insurance carrier has certified a motor vehicle liability policy under §303.170, RSMo, or 303.180, RSMo, the insurance shall not be canceled or terminated until at least 10 days after a notice of cancellation or termination of the insurance has been filed with the office of the director of revenue by means of an SR-26 form. The file did not contain a copy of the SR-26 form. (Pages 10-12)

Company Response:

- Policy Number 6063083:

The Company acknowledges that it failed to provide either a copy of the SR-26 or proof of its transmission. The Company apologizes for this oversight. Please find attached a screen print where we sent the SR-26. The Company invites any additional discussion with the Department on this issue.

- Policy Number 8257579:

The Company acknowledges that it failed to provide either a copy of the SR-26 or proof of its transmission. The Company apologizes for this oversight. Please find attached a screen print where we sent the SR-26. The Company invites any additional discussion with the Department on this issue.

- Policy Number 8211372:

The Company acknowledges that it failed to provide either a copy of the SR-26 or proof of its transmission. The Company apologizes for this oversight. Please find attached a screen print where we sent the SR-26. The Company invites any additional discussion with the Department on this issue.

6. The cancellation declaration that was provided to the insured gave the reason "Valid MVR not received" for the cancellation of the policies. The cancellation declaration failed to provide the consumers a sufficiently clear and specific reason for the cancellation. (Page 10)

Company Response:

- Policy Number 3736659:

The Company canceled the policy upon seeking clarification on driver identity, date of birth and address. Not having received the requested information from the customer in response to the Company's written inquiry, the cancellation declaration was processed. Attached is a copy of the memo sent to the policyholder.

The Company maintains that termination reasons must be short, plain and factually direct in order to be understandable to the customer. Such an approach avoids confusing the cancellation reason with excessive detail, simplifying the statement in an effort to maximize consumer understanding.

While an appropriate level of detail is difficult to define, the Company believes the cancellation reason presented is sufficiently clear and specific for broad customer understanding. We respectfully request that the error count be adjusted and that further discussion on this issue take place subsequent to the Division's final assessment of the Company's response.

- Policy Numbers 3684957, 5056573, 5358894, 5646585, 6027035, and 5984446:

The Company ordered an MVR for the customer, however no information was returned from consumer reporting agency. The Company made a written request to the customer for updated information to run an MVR. The customer did not respond to the Company's written requests. Not having received the requested information from the customer in response to the Company's written inquiry, the cancellation declaration was processed.

- The Company maintains that termination reasons must be short, plain and factually direct in order to be understandable to the customer. Such an approach avoids confusing the cancellation reason with excessive detail, simplifying the statement in an effort to maximize consumer understanding.

While an appropriate level of detail is difficult to define, the Company believes the cancellation reason presented is sufficiently clear and specific for broad customer understanding. We respectfully request that the error count be adjusted and that further discussion on this issue take place subsequent to the Division's final assessment of the Company's response.

7. For Commercial Auto terminations, the termination declaration that was provided to the insured's failed to provide the consumer a sufficiently clear and specific reason for the cancellations. (Page 13)

Company Response:

- The Company continues to disagree with the errors noted. With the exception of the reason "Per previous cancel notice," the Company continues to view the reasons presented on their termination notices as sufficient, clear, and specific.
- The Company maintains that termination reasons must be short, plain and factually direct in order to be understandable to the customer. Such an approach avoids confusing the cancellation reason with excessive detail, simplifying the statement in an effort to maximize consumer understanding.

While an appropriate level of detail is difficult to define, the Company believes the cancellation reason presented is sufficiently clear and specific for broad customer understanding. We respectfully request that the error count be adjusted and that

further discussion on this issue take place subsequent to the Division's final assessment of the Company's response.

8. The Company must send a written denial letter to the insured with specific references to the policy provision, condition and exclusion. On February 18, 2008 the insured contacted the Company and requested rental coverage (Loss of Use). The Company advised the insured that the policy did not have Loss of Use coverage. The Company failed to provide a copy of the written denial letter in the file stating that the policy did not have Loss of Use coverage. (Pages 15-16).

Company Response:

- Claim Number: Pre 8/27/07: 50008000106

The Company has reviewed the above referenced claim file. The Company maintains that on the date of the accident our insured's policy did not carry Loss of Use coverage. The associate handling the claim advised the insured that at the time of the accident there was no rental coverage on the policy and that as such, rental would not be afforded for this loss. Communication with our insured was prompt and direct.

A denial letter with specific reference to policy provisions would not have been appropriate as the policy did not afford the coverage being requested. The lack of coverage was explained to the policyholder and the file was properly noted, documenting the conversation. The policyholder did not have any questions and was satisfied with our explanation.

We respectfully request that the error count be adjusted and that further discussion on this issue take place subsequent to the Division's final assessment of the Company's response.

9. The Company shall ensure that a written denial letter was sent to the insured with specific reference to policy provisions, condition, and exclusion. On September 8, 2008 the insured contacted the Company and requested rental coverage (Loss of Use). According to the Company, it advised the insured verbally that the policy did not have coverage. The Company failed to provide a copy of the written denial letter in the file indicating that the notice was sent to the claimant. (Page 17)

Company Response:

- Claim Number: Post 8/28/07: 50008003555

The Company has reviewed the above referenced claim file. The Company maintains that on the date of the accident our insured's policy did not carry Loss of Use Coverage. The associate handling the claim advised the insured that at the time of the accident there was no rental coverage on the policy and that as such, rental would not be afforded for this loss.

A denial letter with specific reference to policy provisions would not have been appropriate as the policy did not afford the coverage being requested. The lack of

coverage was explained to the policyholder and the file was properly noted, documenting the conversation. The policyholder did not have any questions and was satisfied with our explanation.

We respectfully request that the error count be adjusted and that further discussion on this issue take place subsequent to the Division's final assessment of the Company's response.

10. The Company shall not misrepresent to the claimant or insured relevant facts or policy provisions relating to coverage issues and attempt in good faith to effectuate prompt, fair and reasonable settlement of claim. The Company mailed a Bodily Injury denial letter dated March 25, 2009 that stated the reason for the denial. The examiners determined there was coverage up to policy limits required by the Missouri Financial Responsibility Law of \$25,000. The Company misrepresented the policy provision to the insured and did not effectuate prompt, fair and reasonable settlement by denying the son of the insured the bodily injury claim that was presented. (Pages 20-21)

Company Response:

- Claim Number: 90009000589

The Company has reviewed the above referenced claim file and has subsequently resolved the claim with respect to the Insured's son. On December 17, 2009, the Company re-opened the bodily injury exposure, contacted the claimant, advised them of the error, and began working to resolve the injury claim for Brandon East. The injury claim for [REDACTED] was settled for \$5,000.00 on December 21, 2009, but as [REDACTED] was a minor the settlement required court approval which delayed final resolution of the claim. The settlement hearing was conducted on May 18, 2010, and the \$5,000.00 settlement was ultimately approved by the court. We received the signed closing paperwork on May 27, 2010, and closed our file. The Company respectfully disagrees with the Department's allegation that this matter was a misrepresentation of policy provisions, but merely an inadvertent action not indicative of a consistent business practice.

11. The Company failed to ensure that the appropriate application of depreciation and betterment was done in the following files. The Company deducted depreciation on the property damage but failed to document how the depreciation amount was determined. The Company failed to provide a copy of the Company's depreciation guide or the outside adjusting company's depreciation guidelines that were used to settle claims. (Page 22)

Company Response:

- Claim Numbers: Pre 8/28/07: 50007001851 50008002669

The Company disagreed with this criticism upon initial receipt, and provided its response including the reason for disagreement and received no response. Attached is the original response for further review.

12. The examiners requested that the Company make refunds concerning underwriting premium overcharges and claim underpayments found for amounts greater than \$5.00 during the examination if any were found.

Company Response:

- The Company processed the refunds for the claims overcharges at the time of the criticisms. We provided the examiner with a spreadsheet of the refunds, the amount interest and the date of the checks. We have attached this spreadsheet as part of our response for the draft report.
- The Company did not have any refunds for the underwriting portion of the exam.

13. Various non-compliant practices were identified, some of which may extend to other jurisdictions. The Company is directed to take immediate corrective action to demonstrate its ability and intention to conduct business according to the Missouri insurance laws and regulations. When applicable, corrective action for other jurisdictions should be addressed.

Company Response:

- The Company endeavors to conduct business according to the insurance laws and regulations of the State of Missouri as well as the laws and regulations of other states in which the Company conducts business.

Examiner Comment:

1. Ensure the appropriate application of depreciation and betterment was done. The Company deducted for depreciation on the property damage. The Company failed to document how the depreciation amount was determined. The Company failed to provide a copy of the Company's depreciation guide in the file. 20 CSR 100-1.050(2)(E)

Company Response (Backside may be used):

In response to the above referenced criticism the Company has reviewed claim numbers 500 08 002669 and 50007001851, and has determined that the Property Damage appraisal was completed by an independent adjusting firm, Property Damage Appraisers. Property Damage Appraisers was utilized as the Company had no staff appraisers available in that area that that were able to handle this type of assignment. We contacted Property Damage Appraisers and were advised that any recommendations for depreciation are based on visual inspection along with the estimating software they use to complete property appraisals. Property Damage Appraisers does not utilize a specific depreciation schedule. We were advised that the inspection/recommendation process takes into account the age, use, and condition of the item in question. This is in line with our internal company guidelines which state that depreciation should be applied based on age, use, condition, and/or obsolescence.

Attachment for item 11

The assignment to an independent adjusting company was important to ensure that a fair and accurate appraisal was obtained based on an actual visual inspection of the damaged items.

Property Damage Appraisers made recommendations regarding depreciation which were in line with our internal guidelines and were accepted. The estimates were discussed with, and copies were provided to the owners and there were no outstanding questions regarding depreciation.

FOREWORD

This is a targeted market conduct examination report of the Victoria Automobile Insurance Company, (NAIC Code # 10644). This examination was conducted at the office of the Missouri Department of Insurance, Financial Institutions and Professional Registration (DIFP).

This examination report is generally a report by exception. However, failure to criticize specific practices, procedures, products or files does not constitute approval thereof by the DIFP.

During this examination, the examiners cited errors made by the Company. Statutory citations were as of the examination period unless otherwise noted.

When used in this report:

- "Company" refers to Victoria Automobile Insurance Company;
- "CSR" refers to the Missouri Code of State Regulation;
- "DIFP" refers to the Missouri Department of Insurance, Financial Institutions and Professional Registration;
- "Director" refers to the Director of the Missouri Department of Insurance, Financial Institutions and Professional Registration;
- "NAIC" refers to the National Association of Insurance Commissioners;
- "RSMo" refers to the Revised Statutes of Missouri.

SCOPE OF EXAMINATION

The DIFP has authority to conduct this examination pursuant to, but not limited to, §§374.110, 374.190, 374.205, 375.445, 375.938, and 375.1009, RSMo.

The purpose of this examination was to determine if the Company complied with Missouri statutes and DIFP regulations and to consider whether the Company's operations are consistent with the public interest. The primary period covered by this review is January 1, 2007, through August 31, 2009, unless otherwise noted. Errors outside of this time period discovered during the course of the examination, however, may also be included in the report.

The examination was a targeted examination involving the following business functions and lines of business: Company Complaints, Personal and Commercial Auto Underwriting, Personal and Commercial Auto Terminations, and Personal and Commercial Auto Paid and Non-Paid Claims.

The examination was conducted in accordance with the standards in the NAIC's *Market Regulation Handbook*. As such, the examiners utilized the benchmark error rate guidelines from the *Market Regulation Handbook* when conducting reviews that applied a general business practice standard. The NAIC benchmark error rate for claims practices is seven percent (7%) and for other trade practices is ten percent (10%). Error rates exceeding these benchmarks are presumed to indicate a general business practice. The benchmark error rates were not utilized, however, for reviews not applying the general business practice standard.

In performing this examination, the examiners only reviewed a sample of the Company's practices, procedures, products and files. Therefore, some noncompliant practices, procedures, products, and files may not have been discovered. As such, this report may not fully reflect all of the practices and procedures of the Company. As indicated previously, failure to identify or criticize improper or noncompliant business practices in this state or other jurisdictions does not constitute acceptance of such practices.

COMPANY PROFILE

The following company profile was provided to the examiners by the Company.

Victoria Automobile Insurance Company (VAIC) was formed February 18, 1994, to serve the property and casualty market in the State of Indiana by Victoria Fire and Casualty Company.

It was acquired by Nationwide Mutual Insurance Company in August, 2003, as part of the Victoria Financial Corporation acquisition which included all the Victoria insurance group of entities and the Titan Insurance Group of entities.

EXECUTIVE SUMMARY

The DIFP conducted a targeted market conduct examination of Victoria Automobile Insurance Company. The examiners found the following principal areas of concern:

- The examiners found one violation in the Company's private passenger advertising.
- The examiners found a total of 24 errors in the Company's private passenger automobile underwriting.
- The examiners found a total of 64 errors in the Company's private passenger automobile terminations.
- The examiners found a total of five errors in the Company's commercial automobile terminations.
- The examiners found a total of 36 errors in the Company's private passenger paid claims.

The examiners requested that the Company make refunds concerning underwriting premium overcharges and claim underpayments found for amounts greater than \$5.00 during the examination if any were found.

Various non-compliant practices were identified, some of which may extend to other jurisdictions. The Company is directed to take immediate corrective action to demonstrate its ability and intention to conduct business according to the Missouri insurance laws and regulations. When applicable, corrective action for other jurisdictions should be addressed.

EXAMINATION FINDINGS

I. UNDERWRITING AND RATING PRACTICES

This section of the report is designed to provide a review of the Company's underwriting and rating practices. These practices included the use of policy forms, adherence to underwriting guidelines, assessment of premium, and procedures to decline or terminate coverage. Examiners reviewed how the Company handled new and renewal policies to ensure that the Company underwrote and rated risks according to their own underwriting guidelines, filed rates, and Missouri statutes and regulations.

Because of the time and cost involved in reviewing each policy/underwriting file, the examiners utilize sampling techniques in conducting compliance testing. A policy/underwriting file is determined in accordance with 20 CSR 100-8.040 and the NAIC Market Regulation Handbook. Error rates are established when testing for compliance with laws that apply a general business practice standard (e.g., §§375.930 – 375.948 and §375.445) and compared with the NAIC benchmark error rate of ten percent (10%). Error rates in excess of the NAIC benchmark error rate are presumed to indicate a general business practice contrary to the law. Errors indicating a failure to comply with laws that do not apply the general business practice standard are separately noted as errors and are not included in the error rates.

The examiners requested the Company's underwriting and rating manuals for the line of business under review. This included all rates, guidelines, and rules that were in effect on the first day of the examination period and at any point during that period to ensure that the examiners could properly rate each policy reviewed.

The examiners also reviewed the Company's procedures, rules, and forms filed by or on behalf of the Company with the DIFP. The examiners randomly selected the policies for review from a listing furnished by the Company.

The examiners also requested a written description of significant underwriting and rating changes that occurred during the examination period for underwriting files that were maintained in an electronic format.

An error can include, but is not limited to, any miscalculation of the premium based on the information in the file, an improper acceptance or rejection of an application, the misapplication of the company's underwriting guidelines, incomplete file information preventing the examiners from readily ascertaining the company's rating and underwriting practices, and any other activity indicating a failure to comply with Missouri statutes and regulations.

A. Company Advertising

The Company failed to comply with the examiners' request for documentation pertaining specifically to how the Company's Original Equipment Manufacturer Parts Loss Settlement Endorsement (MO76GEE640606) was being sold by their agents to Missouri consumers. The examiners requested the Company's advertising material, the Company's agent training procedure materials, sales presentations and any other material the Company used to sell this endorsement to a potential insured. The Company only complied by sending their underwriting guides which the examiners already had.

Reference: §374.205, RSMo, and 20 CSR 100-8.040

B. Forms and Filings

The examiners reviewed the Company's policy and contract forms to determine compliance with filing, approval, and content requirements to ensure the contract language is not ambiguous or misleading and is adequate to protect those insured.

The examiners found no errors.

C. Personal Auto Underwriting and Rating

The examiners reviewed applications for coverage that were issued, modified, or declined by the Company to determine the accuracy of rating and adherence to prescribed and acceptable underwriting criteria.

The following policies indicated that the policy-owner was receiving a discount for a driver side air bag or a discount for both driver/passenger side air bags. However, according to the Company's underwriting manual, the policy-owner must purchase the Medical Payment Coverage in order for the discount to apply. Because the policies did not have Medical Payment Coverage, no discount was actually provided to the insureds. However, once the Company's system "caught" the mistake, the discount was removed from the declaration sheet and an amended declaration sheet was provided to the insured. Nevertheless, the Company's initial communication with the insured in terms of providing an inaccurate declaration page misrepresented the benefits, advantages, conditions, and terms of the policy for the rating period 11-7-06 to 9-16-07 (20% or 30% discount), rating period 9-17-07 to 9-7-08 (10% or 20% discount).

G. Practices Not in the Best Interest of Consumers

The examiners also looked for items that were not in the best interest of consumers. Not only could these practices be harmful to the insured, they may expose the company to potential liability.

The examiners discovered no general business practice issues in this review.

II. CLAIMS PRACTICES

This section of the report is designed to provide a review of the Company's claims handling practices. Examiners reviewed how the Company handled claims to determine the timeliness of handling, accuracy of payment, adherence to contract provisions, and compliance with Missouri statutes and regulations.

To minimize the duration of the examination, while still achieving an accurate evaluation of claim practices, the examiners reviewed a statistical sampling of the claims processed. The examiners requested a listing of claims paid and claims closed without payment during the examination period for the line of business under review. The review consisted of Missouri claims selected from a listing furnished by the Company with a date of closing from January 1, 2007, through August 31, 2009.

A claim file is determined in accordance with 20 CSR 100-8.040 and the *NAIC Market Regulation Handbook*. Error rates are established when testing for compliance with laws that apply a general business practice standard (e.g., §§375.1000 – 375.1018 and §375.445) and compared with the NAIC benchmark error rate of seven percent (7%). Error rates in excess of the NAIC benchmark error rate[s] are presumed to indicate a general business practice contrary to the law. Errors indicating a failure to comply with laws that do not apply the general business practice standard are separately noted as errors and are not included in the error rates.

A claim error includes, but is not limited to, any of the following:

- An unreasonable delay in the acknowledgement of a claim,
- An unreasonable delay in the investigation of a claim,
- An unreasonable delay in the payment or denial of a claim,
- A failure to calculate claim benefits correctly; and
- A failure to comply with Missouri law regarding claim settlement practices.

The examiners reviewed the claim files for timeliness. In determining timeliness, examiners looked at the duration of time the Company used to acknowledge the receipt of the claim, the time for investigation of the claim, and the time to make payment or provide a written denial.

Missouri statutes require the Company to disclose to first-party claimants all pertinent benefits, coverage or other provisions of an insurance policy under which a claim is

presented. Claim denials must be given to the claimant in writing, and the Company must maintain a copy in its claim files.

A. Claims Time Studies

To test for compliance with timeliness standards, the examiners reviewed claim records and calculated the amount of time taken by the Company for claims processing. They reviewed the Company's claims processing practices relating to (1) the acknowledgement of receipt of notification of claims; (2) the investigation of claims; and (3) the payment of claims or the providing of an explanation for the denial of claims.

DIFP regulations require companies to abide by the following parameters for claims processing:

- Acknowledgement of the notification of a claim must be made within 10 working days;
- Completion of the investigation of a claim must be made within 30 calendar days after notification of the claim. If more time is needed, the Company must notify the claimant and send follow-up letters every 45 days; and
- Payment or denial of a claim must be made within 15 working days after investigation of the claim is complete.

The examiners discovered no issues or concerns.

B. Unfair Settlement and General Handling Practices

In addition to the Claim Time Studies, examiners reviewed the Company's claim handling processes to determine compliance with contract provisions and adherence to unfair claims statutes and regulations. Whenever a claim file reflected that the Company failed to meet these standards, the examiners cited it for noncompliance.

The examiners found the following error:

The Company shall ensure that the claimant and the insured are advised of the relevant facts or the policy provision relating to coverage issues. The Company mailed a Medical Payments letter dated 12/29/09 to the insured's passenger which

stated that the policy provides a limited amount for payment of reasonable medical expenses incurred within two years of the accident. According to the Company's Missouri Private Passenger Automobile Policy MO76GEP0010606 (page 18) - Medical Payments - Coverage Agreement # 2, states it will pay for reasonable medical expenses incurred within one year after the accident. Therefore, the letter that was mailed to the insured's passenger, indicating two years, misrepresented the policy provision relating to the Medical Coverage.

The following errors were noted:

In the following 13 claims (all post-8/28/07), the claimants purchased an OEM endorsement on their policies. However, the Company did not utilize an OEM part in the repair of the claimant's vehicles as is required by the endorsement. Therefore, it misrepresented to claimants the relevant fact or policy provision relating to the available OEM endorsement on the policies. By failing to use the OEM part in the repair per the endorsement, it also failed to attempt in good faith to effectuate prompt, equitable, and fair settlement of the claims submitted.

The Company initially advised the Department that it had only sold four policies with the endorsement and had only one total loss claim where OEM parts were not utilized. When the examiners requested extra data from the field of 476 active policies, it was discovered that out of the entire field of 476 policies where the insured purchased the OEM endorsement, there were actually 75 claims for OEM parts presented to the Company for payment.

After several conference calls and discussions with the Department, the Company agreed to either replace the parts with OEM parts or issue refunds to the claimants.

C. Practices Not in the Best Interest of Consumers

The examiners also looked for items that were not in the best interest of consumers. Not only could these practices be harmful to the insured, they may expose the company to potential claims.

The examiners discovered no issues in this review.

III. COMPLAINTS

This section of the report is designed to provide a review of the Company's complaint handling practices. Examiners reviewed how the Company handled complaints to ensure it was performing according to its own guidelines and Missouri statutes and regulations.

Section 375.936(3), RSMo, requires companies to maintain a registry of all written complaints received for the last three years. The registry must include all Missouri complaints, including those sent to the DIFP and those sent directly to the company.

The examiners verified the Company's complaint registry, dated January 1, 2007, through August 31, 2009. The registry contained a total of nine complaints. They reviewed all nine complaints that went through DIFP and ones that went directly to the Company.

The review consisted of a review of the nature of each complaint, the disposition of the complaint, and the time taken to process the complaint as required by §375.936(3), RSMo, and 20 CSR 100-8.040(3)(D).

The examiners discovered no issues or concerns.

IV. CRITICISMS AND FORMAL REQUESTS TIME STUDY

This study is based upon the time required by the Company to provide the examiners with the requested material or to respond to criticisms. Missouri law requires companies to respond to criticisms and formal requests within 10 calendar days. Please note that in the event an extension was requested by the company and granted by the examiners, the response was deemed timely if it was received within the time frame granted by the examiners. If the response was not received within that time period, the response was not considered timely.
