#### NOTES TO FINANCIAL STATEMENTS

### (1) Summary of significant accounting policies

Notes to Financial Statements are not a requirement under the prescribed format of the Missouri Department of Insurance. The accompanying disclosures include selected information that is not intended to be all-inclusive.

Organization – GAMHC entered into a \$1,200,000,000 stock purchase agreement with Metropolitan Life Insurance Company (MetLife) on August 26, 1999 to sell the common stock of GenAmerica Corporation. In accordance with this stock purchase agreement, the funds, once received, are to be held in an account and used to indemnify MetLife with respect to outstanding claims and losses set forth in the purchase agreement, and to pay certain taxes and expenses of GAMHC, including those associated with the Liquidation. The purchase agreement was closed on January 6, 2000.

**Principles of accounting** – These financial statements represent an accounting for the assets and liabilities of General American Mutual Holding Company (GAMHC) from the point in time the respective assets and liabilities were transferred to the control of the Special Deputy Liquidator until such time as the assets and liabilities are liquidated or the control of these items are transferred from the Special Deputy Liquidator to another party. Included in these financial statements are the accounts of General American Mutual Holding Company in Liquidation (GAMHCIL) and two Qualified Settlement Funds established to hold proceeds from legal settlements for the benefit of members.

**Income taxes** – Income taxes have consistently been recorded on a cash basis by the receivership. The receivership has federal and state income tax refunds due of approximately \$5 million at December 31, 2007.

**Investments** – Investments which are classified as available-for-sale are recorded at their aggregate fair value. Unrealized holding gains and losses are included as a separate component of receivership corpus until ultimately realized. Gains and losses on the sale of available-for-sale securities are determined using the specific-identification method. Premiums and discounts are recognized using the interest method over the period to maturity.

Claims payable – No filed or pending claims have been reflected in the financial statements. The filed or pending claims could have a material impact on the financial statements.

**Accrued expenses** – Liabilities incurred but not paid as of December 31, 2007 have not been reflected in the financial statements. The accrued liabilities could have a material impact on the financial statements.

#### NOTES TO FINANCIAL STATEMENTS

#### (2) Claims against the Receivership assets

The Receivership has various unresolved claims and potential claims against the receivership's assets. The largest known claims are discussed in the following paragraph.

On January 13, 2003, General American Mutual Holding Company in Receivership (GAMHCIR) received a summary of "Three Year Indemnity Claims" from MetLife (MetLife Claims). This summary was required by the Plan of Re-Organization. The MetLife Claims included two categories: Article VIII – Income Taxes and Article X – Other Claims. The Article VIII claims were settled with MetLife in 2003. The Article X claims were settled for \$39 million and were paid in July 2007.
