Employee benefit costs, including retirement costs, are included in intercompany charges from affiliates.

TERRITORY AND PLAN OF OPERATION

The Company is licensed in Missouri under Chapter 379 RSMo (Insurance other than life) to write property, liability, fidelity and surety, accident and health and miscellaneous

insurance. The Company is licensed in all states except New York, and is licensed in the District of Columbia and Puerto Rico.

The Company is a member of Protective Life Corporation's Asset Protection Division. The Company primarily markets extended service contracts (ESC) and guaranteed asset protection (GAP) products to auto dealers and recreational vehicle dealers. During 2013, approximately 55% of premiums earned were related to extended service contracts, while 43% were related to GAP products. The remaining 2% of earned premium was attributable to surety business. The Company's products are marketed by employee field representatives, independent agents, and retail dealers. During the examination period, the Company offered its products internationally, but has discontinued international operations.

GROWTH OF COMPANY

The Company's net written premium has been on an upward trend since 2010. The Company's main products, vehicle service contracts and GAP products are tied to the auto industry. The increase in premium is mainly a result of rebounding auto sales. Policyholder surplus has been on an upward trend as well, mirroring increases in net income. Decreases in policyholder surplus in 2011 and 2013 can be attributed to dividend payments.

The agreement was amended in July 2005 to redefine the territory covered by the agreement. The agreement was again amended January 1, 2007, to make Old Republic Insurance Company the sole ceding company pursuant to the agreement.

Virginia Surety Company Inc. (IL)

In conjunction with the PLICO's acquisition of the Prizm Group, Inc.'s service contract business on October 1, 2009, the Company entered into a reinsurance agreement, effective that date, with Virginia Surety Company Inc. The Company assumed on a coinsurance basis, 100% of the contractual indemnity losses under the insurance policies issued by VSCI related to a "Program Agreement" between VSCI, Prizm Administrative Solutions, Inc., Prizm Administrative Services of Wisconsin, Inc. and National Warranty of Florida, Inc.

Ceded

The Company cedes ESC and GAP coverages to affiliated alien reinsurers who retrocede that business to producer-affiliated reinsurance companies (PARCs). The PARCs are typically unauthorized, offshore corporations. Generally 100% of the risks associated with a given producer are ceded to one or more reinsurers affiliated with that producer. The Company also carries catastrophic loss coverage on its GAP product.

The following are descriptions of some of the more significant contracts the Company has in place to cede business. The Company also has agreements in place that are not described below, which cede products that are no longer emphasized or which have been discontinued such as workers' compensation.

Chesterfield International Reinsurance Limited (Island of Nevis - Caribbean)

Effective August 1, 2005, the Company ceded to Chesterfield, an affiliate, 100% of the liability on certain ESC contracts and GAP products. Chesterfield retrocedes the liability to PARCs. This agreement was effected by a novation agreement among the Company, Chesterfield and Dublin International, Ltd., which was originally effective July 1, 1998.

Chesterfield is not an authorized reinsurer. At December 31, 2013, the reserve credits were secured by funds withheld by the Company, letters of credit and/or trust accounts. The trust accounts were funded by the PARCs, naming the Company as beneficiary.

Dealer Services Reinsurance Limited (Bermuda)

Effective January 1, 2002, the Company ceded to Dealer Services Reinsurance, Ltd., (Dealer Services), an affiliate, 100% of the liability related to certain ESC contracts and GAP products. Dealer Services retrocedes the liability to PARCs. Dealer Services is not an authorized reinsurer. At December 31, 2013, the reserve credits were secured by funds withheld by the Company, letters of credit and/or trust accounts. The trust accounts were funded by the PARCs, naming the Company as beneficiary.

London Life International Reinsurance Corporation (Barbados)

Effective February 1, 2000, the Company ceded three blocks of business, on a coinsurance basis, to London Life International Reinsurance Corporation (Barbados). The reinsurance transaction was undertaken to reduce the statutory impact of PLICO's purchase of LIGI. The agreement has been amended twenty times with the latest amendment effective April 1, 2013. Various blocks of business have been added and recaptured over the years. At December 31, 2013, the reserve credits were secured by funds withheld by the Company and letters of credit.

Landmark American Insurance Company (OK)

Effective November 2011, the Company and Landmark American Insurance Company entered into an excess of loss reinsurance treaty, which provides catastrophic coverage for the Company's GAP product. The treaty has been renewed each subsequent November. The limit of liability is \$5,000,000 per occurrence, excess of \$1,000,000 in any one occurrence with a \$10,000,000 annual aggregate.

ACCOUNTS AND RECORDS

General

The Company's financial statements were prepared using Geac SmartStream general ledger software.

Most of the Company's business (ESC and GAP) are maintained in the MAX system, a mature AS/400 application that has been in use within the Protective Life Corporation (PLC). During the examination period, the Company began the process to replace the MAX system with a next generation administration application (TRAX). This project was abandoned in 2012, and TRAX is currently only being used to administer contract

cancellations and claims adjudication for the Canadian lines of business (now in runoff) and a small block of other business that was converted before the project was abandoned.

Actuarial Opinion

Reserves and related actuarial items were reviewed and certified by Gregory J. Ciezadlo, Vice President of Risk Management and Chief Actuary of Lyndon Property Insurance for each year under examination.

Pursuant to a contract with DIFP, Robert P. Daniel, ACAS, MAAA, of Merlinos & Associates, Inc., reviewed the underlying actuarial assumptions and actuarial methods used in determining the adequacy of reserves and other related liabilities. His report concluded that all actuarial items included in the review are fairly stated in accordance with accepted actuarial loss reserving standards and principles, meet the requirements of the insurance laws of Missouri, and make a reasonable provision for all unpaid loss and loss adjustment expense obligations of the Company under the terms of its policies and agreements.

Independent Auditor

The Company's financial statements for each year under examination were audited by PricewaterhouseCoopers LLP, Certified Public Accountants. The workpapers of the 2013 independent audit were reviewed and used during the course of this examination as deemed appropriate.

In conjunction with this examination, Andrew Balas, AES, Information Systems Financial Examiner with the DIFP, conducted a review of the Company's information systems. His evaluation did not identify any significant weaknesses.
