Director Lindley-Myers:

In accordance with your financial examination warrant, a full-scope financial examination has been made of the records, affairs, and financial condition of

Arch Property Casualty Insurance Company (NAIC #10946)

hereinafter referred to as such, as APCIC, or as the Company. Its primary office is located at Harborside 3, 210 Hudson Street, Suite 300, Jersey City, New Jersey, 07311, telephone number (201) 743-4000. The fieldwork for this examination began on January 4, 2021, and concluded on the above date.

SCOPE OF EXAMINATION

Period Covered
The Missouri Department of Commerce and Insurance (Department) has performed a multi-state financial examination of APCIC. The last examination of the Company by the Department covered the period of January 1, 2015 through December 31, 2017. The current examination covers the period of January 1, 2018 through December 31, 2020, as well as a review of any material transactions and events occurring subsequent to the examination period through the date of this report.

Procedures
We conducted our examination in accordance with the National Association of Insurance Commissioners (NAIC) Financial Condition Examiners Handbook (Handbook), except where practices, procedures, and applicable regulations of the Department or statutes of the state of Missouri prevailed. The Handbook requires that we plan and perform the examination to evaluate the financial condition, assess corporate governance, identify current and prospective risks of the Company, and evaluate system controls and procedures used to mitigate those risks. An examination also includes the identification and evaluation of significant risks that could cause the Company's surplus to be materially misstated, both on a current and prospective basis.

This examination also included a review of significant estimates made by management and evaluation of management’s compliance with Statutory Accounting Principles. The examination does not attest to the fair presentation of the financial statements included herein. If, during the course of the examination an adjustment is identified, the impact of such adjustment will be documented separately following the Company’s financial statements.

All accounts and activities of the Company were considered in accordance with the risk-focused examination process. Those activities considered in the examination as key to AIC included Investments, Underwriting, Claims Handling, Reserving, Reinsurance, and Related Party
Transactions. The examination also included a review and evaluation of information technology general controls.

This examination was conducted as part of a coordinated examination of the Arch Insurance Group, which consists of numerous insurance companies domiciled in several states. The Missouri Department of Commerce and Insurance is the lead U.S. state regulator for the group. Along with Missouri, Delaware and Kansas participated in the coordinated examination. The Wisconsin and North Carolina Insurance Departments performed concurrent examinations of their domestic companies. The examination was also conducted concurrently with the examinations of the Company’s Missouri domiciled affiliates, Arch Specialty Insurance Company (ASIC), Arch Indemnity Insurance Company (AIIC), and Arch Insurance Company (AIC).

This examination report includes significant findings of fact, as mentioned in Section 374.205 RSMo (Examination, director may conduct, when…) and general information about the Company and its financial condition. There may be other items identified during the examination that, due to their nature (e.g., subjective conclusions, proprietary information, etc.), are not included within the examination report but are separately communicated to other regulators and/or the Company.

Holding Company, Subsidiaries, and Affiliates
APCIC is a member of an insurance holding company system as defined by Section 382.010 RSMo (Definitions). APCIC is directly owned by AIC, a Missouri domestic insurer that is wholly-owned by Arch Reinsurance Company (ARC), a Delaware-domiciled insurer. APCIC wholly-owns Arch Indemnity Insurance Company, a Missouri domestic insurer that exclusively writes workers compensation business. APCIC and its affiliates are ultimately owned by ACGL, a Bermuda-based publicly held limited liability company. ACGL is traded on the NASDAQ National Market under the symbol ACGL. As of December 31, 2020, no one stockholder owned 10% or more of ACGL.

ACGL was formed in September 2000 and focuses on writing specialty lines of insurance and reinsurance on a global basis through its wholly-owned subsidiaries. ACGL classifies its business operations into three underwriting segments and two other operating segments. The three underwriting segments are insurance, reinsurance, and mortgage, and the two other operating segments are classified as other and corporate (non-underwriting). The largest segment based on net written premiums is the insurance segment, which accounted for 45.8% ($3.2 billion) of ACGL’s net written premiums of $6.9 billion in 2020. Of the $3.2 million of the insurance segment’s net written premiums, AIC and its US subsidiaries produced 68.2% ($2.2 billion) of the net written premiums. The rest of the premiums for the insurance segment were produced by ACGL subsidiaries in Bermuda, Europe, the United Kingdom, Australia, and Canada.

In addition to its direct subsidiary AIIC, the Company is also affiliated with the following insurance companies within the North American insurance segment of ACGL:

- **Arch Insurance Company**: a Missouri-domiciled insurer that is licensed in all 50 states, the District of Columbia, and various other U.S. and alien territories. AIC writes mostly workers’ compensation and liability lines of business and had direct written premium of $2.6 billion in 2020.
- **Arch Specialty Insurance Company**: a Missouri-domiciled insurer that is licensed in Missouri and is approved as an excess and surplus lines insurer in the remaining 49 states and the District of Columbia. ASIC writes mostly commercial property and liability lines of business and had direct written premium of $701.0 million in 2020.

- **Arch Insurance Canada, Ltd.**: a Canadian domestic insurer that is authorized in all provinces and territories and writes various lines of property and casualty business.

**Organizational Chart**

The following organizational chart depicts an abbreviated section of insurance companies within the holding company group as of December 31, 2020. All subsidiaries are wholly-owned unless otherwise noted.
Intercompany Transactions
The following is a brief description of significant agreements with affiliated entities that were in effect as of December 31, 2020.

Amended and Restated Investment Manager Agreement: This agreement, effective January 1, 2015, is between AIC, ASIC, APCIC, AIIC, and Arch Investment Management Ltd. (AIML). Per the agreement, AIML provides investment management services on behalf of the companies. The services include the investment and reinvestment of companies’ assets, the reporting of the market value of investments, the reconciliation of accounting, transaction, and investment summary data with custodian reports, and the appointment of brokers. Services by AIML also include the engagement of third-party investment managers as deemed necessary, as well as the supervision and oversight of any third-party investment manager’s activities. The companies compensate AIML on a monthly basis, in arrears, based upon their individual account balances managed by AIML.

Service Agreement – General Services: This agreement, effective January 1, 2004, is between AIC, ASIC, APCIC, AIIC and Arch Insurance Group, Inc. (AIGI). Per the agreement, AIGI provides the companies with supervision of all phases of their operations, including, but not limited to, accounting services, data processing services, information technology services, legal services, underwriting services, claims handling services, and actuarial services. AIGI is compensated the direct costs incurred in providing services without any additional mark-ups or fees.

Amended and Restated Tax Sharing Agreement: This agreement, effective January 1, 2014, is between Arch Capital Group (U.S.) Inc. (ACGI) and various subsidiaries (including AIC, ASIC, APCIC, and AIIC). Per the agreement, ACGI collects from, or refunds to each subsidiary the amount of taxes or benefits determined as if the subsidiary filed a separate return.

Claims Services Agreement: This agreement, effective December 6, 2018, is between AIC, ASIC, APCIC, AIIC, and McNeil & Co, Inc. (McNeil). Per the agreement, McNeil is responsible for processing and settling claims associated with the Program and Producer agreements. McNeil is compensated based on a percentage of gross written premium.

The Company has a reinsurance agreement with AIC that is described in the Ceded Reinsurance section of this report.

TERRITORY AND PLAN OF OPERATION
APCIC is licensed in Missouri as a property and casualty insurer under Chapter 379 RSMo (Insurance Other Than Life). The Company is also licensed in 35 other states/territories, including the District of Columbia and is an approved surplus lines writer in 15 other states. The Company has not reported any direct written premium since 2011; however, some of its prior business remains in run-off.

GROWTH OF COMPANY AND LOSS EXPERIENCE
Although the Company did not write any business during the examination period, its capital and surplus increased from $73.9 million in 2018 to $93.3 million in 2020. This increase was largely attributable to unrealized capital gains related to its investment in AIIC and net investment income.
REINSURANCE

General
The Company did not have any written premium activity on a direct, assumed, or ceded basis for the period under examination.

Assumed Reinsurance
The Company did not assume any business during the examination period.

Ceded Reinsurance
Although the Company does not currently have any active business, APCIC maintains a quota share agreement with AIC to cede 100% of its net retained liability under all policies, contracts, agreements, binders, endorsements, etc. that may be written in the future.

Additionally, catastrophe reinsurance is purchased by ACGL on behalf of ASIC and other ACGL subsidiaries. For 2020, the property catastrophe agreements covered losses up to $550 million in excess of a $150 million. APCIC is also included in the workers compensation excess of loss agreement with other North American affiliates, which provides coverage up to $75 million in excess of $50 million.

The Company is contingently liable for all reinsurance losses ceded to others. This contingent liability would become an actual liability in the event that an assuming reinsurer fails to perform its obligations under the reinsurance contract.

ACCOUNTS AND RECORDS

Independent Auditor
The certified public accounting (CPA) firm, PricewaterhouseCoopers LLP, in New York, NY, performed the statutory audit of the Company for the years under exam. Reliance was placed upon the CPA workpapers as deemed appropriate. Such reliance included, but was not limited to, fraud risk analysis, journal entry testing, internal control narratives, tests of internal controls, and substantive testing.

Actuarial Opinion
The Company’s actuarial opinion regarding loss reserves, loss adjustment expense (LAE) reserves, and other actuarial items was issued by Gregory Babushkin, FCAS, MAAA, for all years in the examination period. Mr. Babushkin is employed by Arch Insurance Company in Jersey City, New Jersey.

Consulting Actuary
Pursuant to a contract with the Department, Robert Daniel, ACAS, MAAA of Merlinos and Associates, reviewed the underlying actuarial assumptions and methodologies used by APCIC to determine the adequacy of loss reserves and LAE reserves. Robert Daniel determined that the Company made a reasonable provision for the loss and LAE reserves that were reported in the statutory financial statements, as of December 31, 2020.

Information Systems
In conjunction with this examination, Kimberly Dobbs, CFE, AES, Information Systems Financial Examiner with the Department, conducted a review of the Company’s information systems.
FINANCIAL STATEMENTS

The following financial statements are based on the statutory financial statements filed by the Company with the Department and present the financial condition of APCIC for the period ending December 31, 2020. The accompanying comments on financial statements reflect any examination adjustments to the amounts reported in the financial statements and should be considered an integral part of the financial statements. The failure of any column of numbers to add to its respective total is due to rounding or truncation.

There may have been additional differences found in the course of this examination, which are not shown in the “Comments on Financial Statement Items.” These differences were determined to be immaterial concerning their effect on the financial statements, and therefore were only communicated to the Company and noted in the workpapers for each individual key activity.
