Director Lindley-Myers:

In accordance with your financial examination warrant, a full-scope financial examination has been made of the records, affairs, and financial condition of

Missouri Hospital Plan (NAIC #27642)

hereinafter referred to as such, as MHP, or as the Company. Its administrative office is located at 4700 Country Club Drive, Jefferson City, MO 65109, telephone number 573-893-5300. The fieldwork for this examination began on December 9, 2021, and concluded on the above date.

SCOPE OF EXAMINATION

Period Covered
The Missouri Department of Commerce and Insurance (Department) has performed a state financial examination of Missouri Hospital Plan. The last examination of the Company by the Department covered the period of January 1, 2012, through December 31, 2015. The current examination covers the period of January 1, 2016, through December 31, 2020, as well as a review of any material transactions and events occurring subsequent to the examination period through the date of this report.

Procedures
We conducted our examination in accordance with the National Association of Insurance Commissioners (NAIC) Financial Condition Examiners Handbook (Handbook), except where practices, procedures, and applicable regulations of the Department or statutes of the state of Missouri prevailed. The Handbook requires that we plan and perform the examination to evaluate the financial condition, assess corporate governance, identify current and prospective risks of the Company, and evaluate system controls and procedures used to mitigate those risks. An examination also includes the identification and evaluation of significant risks that could cause the Company’s surplus to be materially misstated, both on a current and prospective basis.

This examination also included a review of significant estimates made by management and evaluation of management’s compliance with Statutory Accounting Principles. The examination does not attest to the fair presentation of the financial statements included herein. If, during the course of the examination an adjustment is identified, the impact of such adjustment will be documented separately following the Company’s financial statements.

All accounts and activities of the Company were considered in accordance with the risk-focused examination process. Those activities considered in the examination as key to MHP included Investments, Premiums and Underwriting, Reinsurance, and Reserving and Claims Handling. The examination also included a review and evaluation of information technology general controls.
The examination was also conducted concurrently with the examinations of the Company's Missouri-domiciled affiliate, Medical Liability Alliance (MLA).

This examination report includes significant findings of fact, as mentioned in Section 374.205 RSMo (Examination, director may conduct, when…) and general information about the Company and its financial condition. There may be other items identified during the examination that, due to their nature (e.g., subjective conclusions, proprietary information, etc.), are not included within the examination report but are separately communicated to other regulators and/or the Company.

**SUMMARY OF SIGNIFICANT FINDINGS**

There were no material adverse findings, significant non-compliance issues, or material changes to the financial statements noted during the examination.

The minutes of the Board of Directors’ meetings, membership meetings, and committee meetings were reviewed for the period under examination.

**Holding Company, Subsidiaries, and Affiliates**
MHP is a member of an insurance holding company system by virtue of its ownership of MLA. MHP is not required to file an Insurance Holding Company System Registration Statement as it operates under the insurance laws of Chapter 383 RSMo (Malpractice Insurance); however, due to its ownership of MLA, the Company did file this Registration Statement for each year under examination. The Company does not have any stockholders due to its formation as a not-for-profit association. The Company is ultimately owned 100% by its member hospitals, which are not-for-profit and government entities. A hospital must be insured by MHP to be a member.
The operations of the Company’s affiliates are described as follows:

**Medical Liability Alliance** is a property and casualty company that is 100% owned by MHP. MLA writes professional and general liability insurance for physicians, allied healthcare professionals, and healthcare institutions in Missouri, Kansas, and Illinois.

**Healthcare Services Association (HSA)** is a not-for-profit corporation formed in 1991 that assists its members in offering high quality healthcare services and facilities by providing products, services, and insurance coverages to achieve that objective. The regular members of HSA are the owner hospitals of MHP. MHP is the only associate member.

**Hospital Services Group, Inc. (HSG)** is a Missouri for-profit corporation formed in 1986 that became a wholly-owned subsidiary of HSA. Its primary purpose is to provide management and operating services to insurance companies, including MHP and MLA.

**Providers Insurance Consultants, Inc. (Pro-Con)** is a Missouri for-profit corporation that provides hospitals and healthcare providers with medical professional liability, ancillary insurance brokerage, and risk management services. ProCon is the sole access point for MLA and also works with other commercial insurance carriers that specialize in tailoring policies for the healthcare field.

**Organizational Chart**
The following organizational chart depicts the applicable portion of the holding company group as of December 31, 2020:

![Organizational Chart](image)

**Intercompany Transactions**
The following agreements represent significant contracts executed with affiliated entities that were in effect as of December 31, 2020:

**Management Services Agreement:** This agreement, effective January 1, 2020, is between HSG and MHP. Per the agreement, HSG employees perform various services to conduct the business operations of MHP, including professional, technical, data processing, administration, and clerical
services. HSG also provides the necessary office space, equipment, and supplies to perform MHP’s business functions.

**Reinsurance Consulting Fee Agreement:** This agreement, effective January 1, 2020, is between HSG and MHP. Per the agreement, HSG will negotiate the terms of all reinsurance agreements for the Company, subject to the MHP’s approval. All of the ceding commissions received by MHP, pursuant to its reinsurance agreements, will be paid to HSG as compensation for the services provided under this Agreement.

**Membership Fee Agreement:** This agreement, effective January 1, 2015, is between the HSA and MHP. MHP is an associate member of HSA and the policyholders of MHP are regular members. MHP agrees to pay annual fees of $75,000 to HSA for an associate membership and annual fees of no more than $3,000 for each of the regular memberships.

MHP and MLA are also parties to a Casualty Excess of Loss Reinsurance Agreement, as described in the Reinsurance section of this report.

**TERRITORY AND PLAN OF OPERATION**

The Company is licensed to write business only in Missouri. MHP is an association that insures only its member not-for-profit and government hospitals providing professional liability (medical malpractice) and general liability coverages for its member hospitals and their employees, subsidiaries, and related operations in the state of Missouri. MHP accounted for approximately 18.52% of the Missouri medical malpractice market in 2020. Medical malpractice insurance accounted for 94.9% of direct written premiums in 2020. All policies are written on a claims-made basis. Most policies are written with limits of $2 million per loss occurrence and $6 million aggregate per policy, per year. The Company does consider policies with higher limits (up to $12 million) for some of the larger hospitals.

Since it is an association that only writes business for members, MHP does not utilize any agents or brokers to produce business.

**GROWTH OF COMPANY AND LOSS EXPERIENCE**

The Company’s net written premiums increased during the years under examination, from $19.0 million in 2016 to $26.1 million in 2020. The increases were attributable to exposure changes on renewal business, as well as rate increases.

The table below summarizes the Company’s premium writings and writing ratios for the period under examination:

**Assumed Reinsurance**

MHP only assumes business from its subsidiary, MLA, under a Casualty Excess of Loss Reinsurance Contract. Pursuant to this agreement, MHP assumes 100% of MLA’s losses in excess of MLA’s retention of $500,000 per policy, per occurrence. MLA has a maximum aggregate retention of $1.5 million per insured, per policy period. MHP’s assumptions under this agreement are subject to retrocession under the reinsurance agreement described in the Ceded Reinsurance section below.

**Ceded Reinsurance**

MHP is party to a Casualty Excess of Loss Reinsurance Contract with several participating reinsurers. Coverage provided under the agreement is summarized as follows:

**Coverage A** includes policies with limits greater than $1.0 million and which are classified by MHP as Hospital Professional Liability, Healthcare Facility Professional Liability, General Liability, and Physicians and Surgeons Liability. Coverage includes new business, renewal business, and business assumed from MLA. MHP retains the first $1.0 million in ultimate net loss, and the reinsurer is liable for losses in excess of $1.0 million, up to a $1.0 million limit.

**Coverage B, Section 1** includes policies classified by MHP as Umbrella Liability, following-form excess Hospital Professional Liability, following form excess General Liability, and Physicians and Surgeons Liability, either written or renewed by MHP or assumed from MLA. For policies with
limits greater than $2.0 million for each insured, each and every occurrence or claim made, and $4 million in the annual aggregate, MHP retains the liability for the first $2.0 million each insured and $4 million in the annual aggregate. The reinsurer is then liable for amounts that exceed MHP’s retention, up to $10.0 million each insured, each claim or occurrence, and $14.0 million each insured in the annual aggregate.

Coverage B, Section 2 pertains to those policies with limits less than $2 million that are classified as Hospital Professional Liability, Healthcare Facility Professional Liability, General Liability and Physicians and Surgeons Liability, either written or renewed by MHP. Under this layer, the reinsurer is liable for the amount of extra contractual obligations and losses in excess of policy limits in excess of MHP’s retention of $2.0 million each insured, each and every occurrence or claim made, and $4 million in the annual aggregate.

Coverage B, Section 3 provides coverage for loss adjustment expenses in excess of MHP’s retention of $5.0 million each loss event, up to the reinsurer’s limit of $5.0 million for all policies included in Coverage B.

The Company is contingently liable for all reinsurance losses ceded to others. This contingent liability would become an actual liability in the event that an assuming reinsurer fails to perform its obligations under the reinsurance contract.

ACCOUNTS AND RECORDS

Independent Auditor
The certified public accounting (CPA) firm Armanino LLP (formerly known as Brown, Smith, Wallace, LLP), in St. Louis, Missouri, performed the statutory audit of the Company for the years under exam. Reliance was placed upon the CPA workpapers as deemed appropriate. Such reliance included, but was not limited to, CPA walkthroughs and substantive testwork for the following key activities: Investments, Premiums and Underwriting, Reinsurance, and Reserving and Claims.

Actuarial Opinion
In 2020, the Company’s actuarial opinion regarding loss reserves, loss adjustment expense (LAE) reserves, and other actuarial items was issued by Keith W. Palmer, FCAS, MAAA. Mr. Palmer is employed by PricewaterhouseCoopers LLP (PwC) in Atlanta, Georgia. Patrick K. Devlin, FCAS, MAAA issued the actuarial opinion for years 2016 through 2019. Mr. Devlin retired from PwC and was replaced by Mr. Palmer.

Consulting Actuary
Pursuant to a contract with the Department, Bobby Jaegers of Taylor & Mulder, Inc., reviewed the underlying actuarial assumptions and methodologies used by MHP to determine the adequacy of loss reserves and LAE reserves. Mr. Jaegers determined that the Company made a reasonable provision for the loss and LAE reserves that were reported in the statutory financial statements, as of December 31, 2020.

Information Systems
In conjunction with this examination, Kimberly Dobbs, CFE, AES, Information Systems Financial Examiner with the Department, conducted a review of the Company’s information systems.
FINANCIAL STATEMENTS

The following financial statements are based on the statutory financial statements filed by the Company with the Department and present the financial condition of Missouri Hospital Plan for the period ending December 31, 2020. The accompanying comments on financial statements reflect any examination adjustments to the amounts reported in the financial statements and should be considered an integral part of the financial statements. The failure of any column of numbers to add to its respective total is due to rounding or truncation.

There may have been additional differences found in the course of this examination, which are not shown in the “Comments on Financial Statement Items.” These differences were determined to be immaterial concerning their effect on the financial statements, and therefore were only communicated to the Company and noted in the workpapers for each individual key activity.
