SCOPE OF EXAMINATION

Period Covered
The Missouri Department of Commerce and Insurance (Department) has performed a single-state financial examination of St. Thomas-Babbtown Mutual Insurance Company. The last examination of the Company by the Department covered the period of January 1, 2010 through December 31, 2014. The current examination covers the period of January 1, 2015 through December 31, 2019, as well as a review of any material transactions and events occurring subsequent to the examination period through the date of this report.

Procedures
We conducted our examination in accordance with the National Association of Insurance Commissioners (NAIC) Financial Condition Examiners Handbook (Handbook), except where practices, procedures, and applicable regulations of the Department or statutes of the state of Missouri prevailed. The Handbook requires that we plan and perform the examination to evaluate the financial condition, assess corporate governance, identify current and prospective risks of the Company, and evaluate system controls and procedures used to mitigate those risks. An examination also includes the identification and evaluation of significant risks that could cause the Company’s surplus to be materially misstated, both on a current and prospective basis.

This examination report includes significant findings of fact and general information about the Company and its financial condition. There may be other items identified during the examination that, due to their nature (e.g., subjective conclusions, proprietary information, etc.), are not included within the examination report but separately communicated to other regulators and/or the Company.

SUMMARY OF SIGNIFICANT FINDINGS
There were no material adverse findings, significant non-compliance issues, or material changes to the financial statements noted during the examination.

Assumed Reinsurance
MAMIC Mutual Insurance Company (MAMIC) issues direct policies to insure agents’ errors and omissions liability and directors’ and officers’ liability risks for various mutual insurance companies, including the Company. All of the policy risks insured by MAMIC for these two products are pooled and ceded to participating mutual insurance companies. The Company has a 3% share in the interests and liabilities of the pool.

Ceded Reinsurance
The Company has all of its reinsurance through Grinnell Mutual Reinsurance Company (the reinsurer) under an individual occurrence of loss with aggregate excess plan reinsurance agreement.

The individual occurrence section of the agreement covers property risks. The Company retains $150,000 for each individual loss occurrence, and the reinsurer is liable for losses in excess of the retention.
The aggregate excess section of the agreement also covers property risks. Under the aggregate excess section of the agreement, the Company’s annual aggregate net retention, or attachment point, is equal to 85% of net premium. The reinsurer is liable for 100% of losses in excess of this retention. The attachment point for 2019 was $385,000.

The agreement has a liability quota share section for liability risks. The Company cedes 100% of the liability risks and premium to the reinsurer and receives a 20% ceding commission.

**ACCOUNTS AND RECORDS**

The accounting records are maintained by the Company on a modified cash basis. The CPA firm of Williams-Keepers LLC prepares the Company’s Annual Statement and tax filings.

The accompanying comments on financial statements reflect any examination adjustments to the amounts reported in the financial statements and should be considered an integral part of the financial statements. SUBSEQUENT EVENTS
On March 11, 2020, The World Health Organization declared the spreading coronavirus (COVID-19) outbreak a pandemic. On March 13, 2020, United States President Donald J. Trump declared the coronavirus pandemic a national emergency in the United States. The epidemiological threat posed by COVID-19 is having disruptive effects on the economy, including disruption of the global supply of goods, reduction in the demand for labor, and reduction in the demand for U.S. products and services, resulting in a sharp increase in unemployment. The economic disruptions caused by COVID-19 and the increased uncertainty about the magnitude of the economic slowdown has also caused extreme volatility in the financial markets.

The full effect of COVID-19 on the United States and global insurance and reinsurance industry is still unknown at the time of releasing this report. The Department is expecting the COVID-19 outbreak to impact a wide range of insurance products resulting in coverage disputes, reduced liquidity of insurers, and other areas of operations of insurers. The Department and all insurance regulators with the assistance of the NAIC are monitoring the situation through a coordinated effort and will continue to assess the impacts of the pandemic on U.S. insurers.
ACKNOWLEDGMENT

The assistance and cooperation extended by the employees of St. Thomas-Babbtown Mutual Insurance Company during the course of this examination is hereby acknowledged and appreciated.
