Assumed

The Company does not reinsure other companies.

Ceded

The Company's property reinsurance program is placed by broker Guy Carpenter & Company, LLC with various reinsurers (the reinsurer) under property per risk, catastrophe, and aggregate excess contracts. The lead reinsurer under the program is QBE Reinsurance Corporation, with a 25% share in the interest and liabilities of the contracts.

Under the per risk excess of loss agreement, the Company retains $45,000 for each loss, each risk, and the reinsurer’s limits are $500,000 per risk and $1,000,000 per occurrence.

The catastrophe excess of loss agreement has two layers. Under layer one, the reinsurer is liable for 95% of $1 million per loss occurrence in excess of a $90,000 Company retention. Under layer two, the reinsurer is liable for an additional $2 million per occurrence in excess of the layer one Company retention and reinsurer limits. Reinstatements are available under the contract, but total liability to the reinsurer is limited to $1.9 million for layer one and $4 million for layer two for the term of the contract.

Under the aggregate excess of loss agreement, the Company’s annual aggregate net retention, or attachment point, is equal to 75% of the Company’s net earned premium income. The reinsurer is liable for 95% of losses in excess of this retention, limited to a total reinsurer liability of $1.9 million.

The Company’s casualty business is ceded under a quota share arrangement with Cameron Mutual Insurance Company (CMIC). The Company cedes 100% of casualty premiums and losses to the CMIC and receives a 22% ceding commission.
The Company is contingently liable for all reinsurance losses ceded to others. This contingent liability would become an actual liability in the event that any assuming reinsurer should fail to perform its obligations under its reinsurance agreement with the Company.

ACCOUNTS AND RECORDS

The accounting records are maintained by the Company on a cash basis. The Company utilizes a combination of paper files and packaged software systems for policy maintenance.

FINANCIAL STATEMENTS

The following financial statements, with supporting exhibits, present the financial condition of the Company for the period ending December 31, 2012, and the results of operations for the year then ended. Any examination adjustments to the amounts reported in the Annual Statement and/or comments regarding such are made in the "Notes to the Financial Statements," which follow the Financial Statements. (The failure of any column of numbers to add to its respective total is due to rounding or truncation.)

There may have been differences found in the course of this examination, which are not shown in the "Notes to the Financial Statements." These differences were determined to be immaterial, concerning their effect on the financial statements. Therefore, they were communicated to the Company and noted in the workpapers for each individual annual statement item.

NOTES TO THE FINANCIAL STATEMENTS

Note 1 – Examination Adjustment - Correction of Reporting Errors

The Company overstated income by $6,922 due to an error in reporting of incurred losses and loss adjusting expenses. The issue was largely due to the reporting of gross outstanding loss amounts rather than net outstanding loss amounts in the calculation to convert total paid losses to total incurred losses on line 1d of Page 3 of the 2012 Annual Statement. An examination adjustment to surplus of $(6,922) was required to reconcile surplus between Page 1 and Page 5 of the 2012 Annual Statement.

EXAMINATION CHANGES

The adjustment in Note 1 resulted in a decrease of $6,922 to the total policyholder surplus reported on Page 5 of the 2012 Annual Statement. Total policyholder surplus, as reported on Page 1 of the 2012 Annual Statement, was unchanged.

SUMMARY OF RECOMMENDATIONS

Notes to the Financial Statements (Page 10)

It is recommended the Company ensure proper reporting of incurred losses and loss adjusting expenses in future Annual Statement reporting.
