RE: Missouri Market Conduct Examination #0802-08-TGT
Young America Insurance Company (NAIC # 27090)

Dear Ms. Kerr:

We are in receipt of the examiners’ market conduct report. After full review of the report, we were written up for 10 criticisms, all involving failure to provide a sales tax affidavit as a result of a total loss.

Eight were oversights of the adjuster and two were due to our misinterpretation of the law regarding owner retained salvage. We are now providing a sales tax affidavit as a result of a total loss when the owner chooses to retain the salvage.

In the instances involving the adjuster’s failure to provide the sales tax affidavit, we have implemented new procedures to prevent this in the future. When the power of attorney is sent to the owner to sign and return to us giving permission to sell their salvage, the salvage department is verifying that a sales tax affidavit has been issued. Also, the Supervisors are looking for this document when they review the file as well at the Property Damage Manager. We feel this should resolve any future issues regarding the sales tax affidavit.

If you have any question, please do not hesitate to contact me.

Sincerely,

Lois M Thomas

FOREWORD

This market conduct examination report of the Young America Insurance Company is, overall, a report by exception. Examiners cite errors the Company made; however, failure to comment on specific files, products, or procedures does not constitute approval by the Missouri Department of Insurance, Financial Institutions and Professional Registration.

Examiners use the following in this report:

“The Company” and “Young America” refer to Young America Insurance Company;

“DIFP” and “Department” refer to the Missouri Department of Insurance, Financial Institutions and Professional Registration;

“NAIC” refers to the National Association of Insurance Commissioners;

“RSMo” refers to the Revised Statutes of Missouri; and

“CSR” refers to the Code of State Regulation.
SCOPE OF EXAMINATION

The DIFP has authority to conduct this examination pursuant to, but not limited to, §§374.110, 374.190, 374.205, 375.445, 375.938, and 375.1009, RSMo. In addition, §447.572, RSMo, grants authority to the DIFP to determine compliance with the Uniform Disposition of Unclaimed Property Act.

The purpose of this examination is to determine if Young America complied with Missouri statutes and DIFP regulations and to consider whether Company operations are consistent with the public interest. The primary period covered by this review is January 1, 2007, through December 31, 2007; however, examiners include all discovered errors in this report.

Although examiners report the errors discovered in individual files, this report focuses on general business practices of the Young America Insurance Company. The DIFP has adopted the NAIC published error tolerance rate guidelines. Unless otherwise noted, examiners applied a seven percent (7%) tolerance criterion to claims handling practices. Error rates greater than the tolerance suggest a general business practice.
This examination is primarily directed to the following company operations as related to private passenger automobile operations including:

Claims; and

Consumer Complaints.

Examiners conducted this examination at DIFP's office located in St. Louis, Missouri.
EXECUTIVE SUMMARY

In some instances, the Company failed to provide sales tax affidavits to insureds as required in the event of a total loss to the automobile.
EXAMINATION FINDINGS

I. CLAIMS PRACTICES

In this section, examiners review claim practices of the Company to determine efficiency of handling, accuracy of payment, adherence to contract provisions, and compliance with Missouri statutes and DIFP regulations. Due to the large number of claim files, examiners are unable to review each claim. As such, examiners conduct scientific sampling of claim files. A claim file, as a sampling unit, is an individual demand for payment or action under an insurance contract for benefits that may or may not be payable. The most appropriate statistic to measure compliance with the law is the percent of files in error. An error can include, but is not limited to, any unreasonable delay in the acknowledgment, investigation, payment, or denial of a claim. Errors also include the failure to calculate benefits correctly or to comply with Missouri laws regarding claim settlement practices.

Claim files were also reviewed to determine compliance with the unfair settlement practices statute, other statutes and regulations, as well as general policy provisions. Missouri law requires that insurers and agents disclose to first-party claimants all pertinent benefits, coverages and other provisions of an insurance policy under which a claim is presented. The company must give claim denials to the claimant in writing and retain a copy in the file.
The examiners reviewed (1) private passenger automobile physical damage claims; (2) private passenger automobile uninsured/underinsured motorist claims; and (3) private passenger automobile medical payments.

The Company's records show it received six complaints between January 1, 2005, and December 31, 2007. The Department received all of these complaints. The Company received no complaints directly from the complainants.
