Director Nelson:

In accordance with your financial examination warrant, a full-scope financial examination has been made of the records, affairs, and financial condition of

Arch Specialty Insurance Company (NAIC #21199)

hereinafter referred to as such, as ASIC, or as the Company. Its primary office is located at Harborside 3, 210 Hudson Street, Suite 600, Jersey City, New Jersey, 07311, telephone number (201) 743-4000. The fieldwork for this examination began on April 7, 2025, and concluded on the above date.

SCOPE OF EXAMINATION

Period Covered

The Missouri Department of Commerce and Insurance (Department) has performed a multi-state financial examination of ASIC. The last examination of the Company by the Department covered the period of January 1, 2018, through December 31, 2020. The current examination covers the period of January 1, 2021, through December 31, 2024, as well as a review of any material transactions and events occurring subsequent to the examination period through the date of this report.

Procedures

We conducted our examination in accordance with the National Association of Insurance Commissioners (NAIC) *Financial Condition Examiners Handbook* (*Handbook*), except where practices, procedures, and applicable regulations of the Department or statutes of the state of Missouri prevailed. The *Handbook* requires that we plan and perform the examination to evaluate the financial condition, assess corporate governance, identify current and prospective risks of the Company, and evaluate system controls and procedures used to mitigate those risks. The examination also includes the identification and evaluation of significant risks that could cause the Company’s surplus to be materially misstated, both on a current and prospective basis.

This examination also included a review of significant estimates made by management and evaluation of management’s compliance with Statutory Accounting Principles. The examination does not attest to the fair presentation of the financial statements included herein. If, during the course of the examination an adjustment is identified, the impact of such adjustment will be documented separately following the Company’s financial statements.

All accounts and activities of the Company were considered in accordance with the risk-focused examination process. Those activities considered in the examination as key to ASIC included Investments, Underwriting, Claims Handling, Reserving, Reinsurance, and Related Party Transactions. The examination also included a review and evaluation of information technology general controls.

This examination was conducted as part of a coordinated examination of the Arch Insurance Group, which consists of numerous insurance companies domiciled in several states. The Missouri Department of Commerce and Insurance is the lead U.S. state regulator for the group. Along with Missouri, Delaware and Kansas participated in the coordinated examination. The examination was conducted concurrently with the examinations of the Company's Missouri domiciled affiliates, Arch Indemnity Insurance Company (AIIC), Arch Property Casualty Insurance Company (APCIC), Arch Insurance Company (AIC), and Arch Wilsure Insurance Company (AWIC), formerly known as Watford Insurance Company (WIC).

This examination report includes significant findings of fact, as mentioned in section 374.205 of the Revised Statutes of Missouri (RSMo) (Examination, director may conduct, when…) and general information about the Company and its financial condition. There may be other items identified during the examination that, due to their nature (e.g., subjective conclusions, proprietary information, etc.), are not included within the examination report but are separately communicated to other regulators and/or the Company.

SUMMARY OF SIGNIFICANT FINDINGS

There were no material adverse findings, significant non-compliance issues, or material changes to the financial statements noted during the examination.

TERRITORY AND PLAN OF OPERATION

ASIC is licensed as a domestic surplus lines insurer in Missouri under Chapter 384 RSMo (Surplus Line Insurance) and is approved to write excess and surplus lines insurance in the other 49 states, the District of Columbia, Puerto Rico, and the U.S. Virgin Islands. ASIC focuses on writing specialty lines of insurance and provides a wide range of excess and surplus lines property and casualty insurance for business and professional firms nationwide. The states with the largest percentage of direct written premium in 2024 were California, New York, Texas, and Florida, accounting for over 46% of the direct premium written total.

GROWTH OF COMPANY AND LOSS EXPERIENCE

The Company maintains reinsurance agreements with AIC and other non-affiliated reinsurers under which it cedes 100% of its direct business. Therefore, ASIC's net premiums written and earned for the examination period were essentially zero, and the Company reported immaterial credit balances for losses incurred during each year under examination. ASIC's direct premiums written increased each year of the exam due to normal business operations.

Ceded Reinsurance
ASIC and its other North American affiliates manage gross and net exposures through various reinsurance treaties with external reinsurers on a facultative, quota share, per risk excess of loss, and catastrophe excess of loss basis. For 2024, ASIC and its other North American affiliates purchased workers' compensation catastrophe coverage up to $100 million in excess of $50 million. Additionally, the property catastrophe agreements covered losses up to $400 million in excess of $300 million.

ASIC's most significant reinsurer during the examination period was its affiliate, AIC, with ceded premiums of $1.3 billion (79.3% of total premiums ceded) in 2024 and a net amount recoverable of $2.0 billion (75.0% of total net amounts recoverable from reinsurers) at year-end 2024. None of the non-affiliated reinsurers had net amounts recoverable that exceeded 3% of total net amounts recoverable.

The Company is contingently liable for all reinsurance losses ceded to others. This contingent liability would become an actual liability in the event that an assuming reinsurer should fail to perform its obligations under its reinsurance agreement with the Company.

The accompanying comments on financial statements reflect any examination adjustments to the amounts reported in the financial statements and should be considered an integral part of the financial statements. The failure of any column of numbers to add to its respective total is due to rounding or truncation.

There may have been additional differences found in the course of this examination, which are not shown in the "Comments on Financial Statement Items."
